Comprehensive philanthropy on a unified platform.

With grants and employee-engagement on a single, proven platform tied to a rich reporting package, we make it easier to understand the true impact of your charitable giving and volunteerism across your entire enterprise.

Grants Management

From qualification and submission to approval and post-award analysis, CyberGrants supports the complete grantmaking lifecycle. Together we can ensure your philanthropy becomes practical, actionable, and delivers real results for the causes that you embrace.

The industry's most-flexible system handles the full scope of foundation and corporate philanthropy:

- Cash grants
- Sponsorships
- In-kind donations
- Research
- CME and other medical education

Employee Engagement

Today's employees expect their companies not only to be good citizens, but also to support them as they do the same. The CyberGrants system is unique in involving your employee volunteers in such a wide range of initiatives.

Among the programs you can support:

- Matching gifts
- Dollars for Doers
- Individual and team volunteerism
- Disaster relief
- Payroll deduction
- Charitable Spending Accounts
- Team Incentive Programs
- Political Action Campaigns

Global Capabilities

The CyberGrants client list includes multinational, global corporations, and **our software** supports multiple languages and currencies so your corporation or foundation can review, approve and execute programs worldwide. Whether you want to extend employee engagement in Europe, or process grants for Asia or Latin America, our platform is ready.

Hardened Security

Sensitive information about your grantseekers and employees is safe with our SSAE-compliant systems. Role-based access tightly restricts system access, backed by continuous monitoring and the latest intrusion prevention systems. Your data is encrypted while stored as well as in-transit, and PCI compliant methods protect payment-card transactions and data.
